DESCRIPTION OF BENETEAU SENSE 55

This very modern and elegant 55 foot sail boat from the French masters at Beneteau is in excellent condition and really has "extra everything" (if this can be defined :)). Very well equipped, also with tons of "recreational extras" The model year is 2014, but this boat was not splashed until 2016. It is really turn-key and provides a great opportunity to just sail away.

She is a blue hull and full teak decks yacht, also sporting a Seldén Furling main sail, a self tacking jib on a furler, and a Genoa on a fuller, In addition to this there is a gennaker and an asymmetric spinnaker. The main engine is from Yanmar and there is also a full "Dock&Go" system. All of this makes the yacht very easy to single-hand, both under sail and under power, as well maneuvering in port.

The boat is in its second ownership, which is Swedish. The first owner was Danish, and the current owner bought the yacht in the Nordics and then sailed it down to the Med and back. It has been stored on the hard under cover except for the weeks when the owner has been onboard using his yacht. Hence, the yacht is in excellent condition, always serviced and maintained by professionals.

A real opportunity to acquire a yacht of your dreams, sail to the Med, sail up north, cross the pond to the Caribbean, or whatever your heart desires. This very social and easy to handle yacht sets no boundaries to what can be experienced on the water.

Specification

LOA: 17,78 m
