- Designer: A.E. Haaning
- Yard: Dan Olsen, Sønderborg
- Engine: Perkins Diesel HT6, 120HP. Engine ID: 354U470 (Approx. 4900 hours)

Description:

Well designed and seagoing One-Off Aluminium Motor Yacht for long range cruising. Huge deck saloon, large kitchen / dining area, toilet and full double berth cabin forward. Ideal and functional arrangement for cruising life / office / holiday home / studio etc. Engine is original but was in 1990 rebuild to a freshwater cooled version.

Owner Comments:

We have owned this yacht since 2016 and been using the boat cruises and for living. As we, from the start, had in mind to use the boat for accommodation, we restored the boat so that it became a home, able to move wherever we felt for and decided to stay for a short or longer time. However, this said, we still maintained the spirit and soul of the original yacht.

In June 2019, the hull was totally reconditioned, primed 3 layers and painted 3 layers. All products without cobber.

At the same time, though we use the boat for living, it also is a living home that can move from place to place which is a demand of law if the boat is used as a home.

The list of equipment is based on information supplied by the owner. Any equipment in addition to what is listed above is at the sellers discretion.
