**Build no.: 1991**

**Engine: Yanmar 2GM20**

**Engine No.: 16396**

**Engine hours:**

#### **General description:**

The Elan 33 is a popular boat with very good sailing performance from the renowned Elan Yachts. The boat is based on an IOR  $\frac{3}{4}$  ton prototype. The Elan 33 is a classic but still modern boat, and the first model was launched in 1987.

The boat is designed by J&J Design in Slovenia who is known for designing easy-sailing and fast family boats, with a well-thought-out deck layout and below deck interior.

The cockpit is large, and you sit comfortably, also on the cockpit frame. All halyards are led back to the cockpit.

All in all, a solid quality boat in good and updated condition that still to this day offers lots of sailing pleasure and with no need for additional investment in equipment.

The boat is delivered spring ready and launched, ready for new adventures with a new owner.

Contact responsible broker Lars Legarth for further information and for an appointment to see the boat.
