List of equipments

Boat Model : Targa 27.1 Flybridge

Year : 2011

Hull n. 285

LOA: 8.90 m, Beam: 3.04 m, Draft: 0.9 m, Weight: approx. 4,400 kg,

Engine: Volvo Penta EVC Diesel D4 300 hp – 300 hours.

DPH sterndrive.

Fuel capacity: 550 L.

Bow thruster with joystick in the wheelhouse; 60 kg of thrust.

Hull and deck:

- White gelcoat, red/blue boot stripe, stainless steel railings forward, teak railing aft, blue "shark fin" grab rails forward, U-shaped bench with storage on the foredeck.

- Non-slip decking (including on the flybridge), swim platform with swim ladder and a teak hatch for sterndrive inspection.

- Self-draining decks, horn, roof-mounted searchlight (stainless steel), stem protection plate, stainless steel targa arch, and a mast with space for pennants.

- Flybridge with seating for three, loose seat cushions, windscreen, and controls including throttle/gear, steering wheel, trim tabs, and tachometer.

- Wheelhouse with side doors. Cabin heating (engine-supplied) with defroster vents for the windshield; includes an aft cabin and a WC.

- Grey non-slip surfaces throughout, including on the flybridge sole and forward bench seats.

- Grey non-slip pattern on the swim platform.

- Extended swim platform; if an aft anchor windlass is selected, the anchor deploys through the platform.

- Antifouling paint, including epoxy treatment.

- Engbo aft anchor windlass (operable from the aft deck, wheelhouse, and flybridge).

- Bow roller assembly (fairlead with rollers) on the foredeck (upgrade).
Flybridge:

- Full enclosure cover. Standard color: white.

- Bow thruster controls.

- Compass, Suunto.

Comfort:

Exterior:

- Teak table on the foredeck; foldable, with storage in the bow.

- Additional mounting point for the teak table on the aft deck.

- Extra-wide teak rail at the stern.

- Two storage boxes/seats in the corners of the aft deck (drained).

- Two fold-down seats on the aft bulkhead of the cabin, featuring caulked teak.

- Opening at the stern leading to the swim platform, with a centrally positioned double-gate (grille-style).

- Head (WC) complete with sink, 40-liter holding tank, and shower. Accessible from the cabin.

- Foldable bow boarding ladder (single-step).

Interior:

- Helm station with full engine instrumentation.

- Foldable helm console, opening aft window, table that folds up into the ceiling, sofa with seating for three, helm seat, and navigator’s seat.

- Aft cabin with a double berth and a single quarter berth. Two opening ports on the cabin bulkhead.

- Ceiling and aft bulkhead finished in teak plywood; walls lined with beige wall covering. Carpet in the aft cabin.

- Mattress fabric: Texas, dark blue.

- Alcantara upholstery on seats (replacing standard fabric).

- Curtain tracks and gliders for the windows behind the helm and navigator positions. Navy blue curtains.

- - Galley with a 2-burner gas stove

- Sink, faucet with hot and cold water, 65 L fresh water tank, pump, and a hot water system (with a heater tank warmed by the engine); also includes a sink/shower in the head compartment

- Extra-large water tank, 120 L.

- 50 L refrigerator (Waeco).

- Targa dinnerware set for four, including plates, bowls, mugs, glasses, and cutlery.

- Eberspächer D4 heater (high-capacity version), with outlets

- Openable hull windows located by the berths (one on each side).

- Bound-edge carpeting in the cabin

Navigation:

- Angled console panel for flush-mounting a chartplotter/radar unit in front of the steering wheel (sized for Garmin).

- Garmin GHC10 autopilot system: pre-wired/prepared but not fully installed, as the necessary upgrade software was unavailable from the supplier (CD included).

- Windshield wipers (2 units), upgraded with intermittent settings, two speeds, and a washer system.

- Separate reservoir for the windshield washer system.

- Overhead chart storage box.

- Maglite handheld spotlight with charger and mounting bracket.

Electrical and Safety:

- New battery charger and new battery installed in 2023.

- 230 V shore power system with two outlets and a 17-meter shore power cable.

- Mastervolt 12/25 battery charger (2023).

- High-capacity charger (35 A) – optional upgrade.

- 4 fenders, 4 mooring lines, emergency anchor with line

- automatic fire extinguisher in the engine room, 2 kg fire extinguisher in the cabin. Fire blanket.

- Gas detector.

- 2 automatic bilge pumps. Bow protection plate (stainless steel).

- QL trim tabs with controls in the cabin and on the flybridge.

- Two 12V sockets at the helm; one on the flybridge.

- 12V electrical system, 1 x 145 Ah starter battery, 1 x 145 Ah service battery, with crossover function.

- Windshield wipers with parallel arms.

- Navigation lights and anchor light.

- Boat hook.

- Stainless steel cleats at the bow, midships, and stern (6 total).

- Spare propellers, including holder.

- Anti-corrosion system (recommended for long-term connection to shore power).

- Fuel purification system (bacterial/contaminant filter).

- Additional 145 Ah service battery.
